Product Description

Facial Serum Filorga 135 Ha Anti Ageing Wrinkle Mesotherapy

What is filorga 135ha

True pioneers of injectable anti-aging laboratories Filorga are 1st to have developed a solution mesotherapy, benefiting from the CE, to fight against skin aging.

Mesotherapy anti-aging, or mesolift, is a technique of multiple injections performed in the superficial dermis by using fine needles. We introduce, closest cells of the dermis, very small amounts of hyaluronic acid and nutrients, a complex polyrevitalizing in order to stimulate the regeneration of the dermis.

This treatment works biologically and comprehensively about the causes and consequences of aging skin.
